

25th November, 2014

Dear ADCA member,

Once again, thank you for your support. As per our last communique (14th October, 2014) regarding the establishment of a national committee and working group to develop a proposal for a new national AOD sector peak, I am pleased to advise that work is progressing well. Over January and early February, a consultation process will be undertaken and we hope you will find a number of ways to contribute and make your views known.

We would traditionally be holding an AGM around this time. Given the current circumstances, and the future planning processes underway, the Board has unanimously agreed to hold over the AGM until the first half of 2015. By 2015, we will be in a position to present a firm proposal that the members can vote on.

If you would like to discuss this, or any other ADCA matters, please feel free to contact myself or any of the Board members (listed below).

If we do not communicate again before the end of the year, on behalf of the ADCA Board I wish you all a restful and peaceful Christmas.

A handwritten signature in cursive script that reads "Alison Ritter".
