

The Research School of Population Health, Australian National University (ANU) & the Alcohol Tobacco and Other Drug Association ACT (ATODA) invite you to:

## The Canberra Collaboration:

### Alcohol, Tobacco and Other Drug Research Networking Workshop

#### Program for Thursday 31 October 2013

The workshop aims to gather ACT based alcohol, tobacco and other drug (ATOD) researchers across institutions and other key stakeholders to network, exchange ideas and support future collaborations.

It is hoped that the workshop will initiate a more regular gathering of ACT researchers, policy makers and services with an interest in ATOD research. This could generate important networking and collaborative opportunities including consultancy opportunities, applications for grants, etc.

#### 1. Workshop details

Date	Thursday 31 October 2013
Time	1pm – 5.30pm <i>Arrival from 1pm and followed by informal networking drinks from 4:30pm</i>
